The following resolution was submitted for approval.

RESOLUTION REQUESTING THAT DTE RESTORE ITS UTILITY SHUT-OFF MORATORIUM FOR ONE CALENDAR YEAR

Moved by Councilmember McDonald
Supported by Council Pro Tem Patrick

WHEREAS, the Mission of the Highland Park City Council is to implement the City Charter and to make legislative decisions that provide for good government, public peace, health, safety and prosperity for the City; **and**,

WHEREAS, according to news media accounts, when the COVID-19 pandemic began in 2020, causing a wave of medical and financial hardships, 34 states directed utilities to stop shutting off customers' service, according to the National Association of Regulatory Utility Commissioners. However, Michigan was *NOT* one of those, relying instead on voluntary suspensions by the state's utilities; **and**,

WHEREAS, during the pandemic, DTE discontinued the *kiosk option of payment* from several public locations and government buildings and sketchy web connections through urban areas severely curtails the ability of many of its customers to easily pay their bills; **and**,

WHEREAS, DTE's self-imposed three-month shut-off moratorium was shorter than those put in place by the largest utilities in Illinois, Indiana, Minnesota, Ohio and Wisconsin. Michigan Public Service Commission (MPSC) chair Dan Scripps defended DTE's decision, stating that people who stop paying their bills during a longer moratorium might be likely to ever catch up; **and**,

WHEREAS, DTE's price per kilowatt-hour is also higher than the price charged by the largest utility in each of the other Great Lake states of Illinois, Minnesota, Ohio and Wisconsin, according to news media sources. In view of this data, the Highland Park City Council extends an invitation to meet with leaders of DTE at a City Council workshop of their choosing, to discuss the company's rates and our community infrastructure concerns; **NOW**,

THEREFORE, BE IT RESOLVED, that the Highland Park City Council respectfully requests that DTE restores its moratorium of utility shut-offs for one calendar year, given the lasting economic impacts of the pandemic, thereby giving the City of Highland Park residents/customers much needed relief. Yeas (5), Nays (0), Absent (0).
