Written notice shall be mailed by first class mail not less than fourteen (14) calendar days prior to the hearing to the owners of properties within the proposed historic district, as listed on the most current tax rolls. The report shall be made available to the public in compliance with Public Act 442 of 1976, as amended.

(g) A writing prepared, owned, used, in the possession of, or retained by a committee in the performance of an official function of the Historic District Commission should be made available to the public in compliance with Public Act 442 of 1976, as amended.

### **1310.05 ESTABLISHING ADDITIONAL, MODIFYING, OR ELIMINATING HISTORIC DISTRICTS**

(a) The City Council may at any time establish by ordinance additional historic districts, including proposed districts previously considered and rejected, may modify boundaries of an existing historic district, or may eliminate an existing historic district. Before establishing, modifying, or eliminating a historic district, a historic district study committee appointed by the City Council shall follow the procedures as stated in Section 399.203 (1-3) of Public Act 169 of 1970, as amended. To conduct these activities, the City Council may retain the initial committee, establish a standing committee, or establish a committee to consider only specific proposed districts and then be dissolved. The committee shall consider any previously written committee reports pertinent to the proposed action.

(b) In considering elimination of a historic district, a committee shall follow the procedures set forth in Section 399.203 (1-3) of Public Act 169 of 1970, as amended for the issuance of a preliminary report, holding a public hearing, and issuing a final report but with the intent of showing one or more of the following:

The Commission shall consist of seven (7) members. Members shall be appointed by the City Council. A majority of the members shall have a clearly demonstrated interest in or knowledge of historic preservation. Members shall be appointed for a term of three (3) years,

except the initial appointments of three (3) members for a term of two (2) years and two (2) members for a term of one year. Subsequent appointments shall be for three-year terms. Members shall be eligible for reappointment. In the event of a vacancy on the Commission, interim appointments shall be made by the City Council within sixty (60) calendar days to complete the unexpired term of such position. One (1) member shall be appointed from a list submitted by duly organized local historic preservation organizations. If such a person is available for appointment, one member shall be an architect who has two years of architectural experience or who is duly registered in the State of Michigan.

The City Council may prescribe powers and duties of the Commission, in addition to those prescribed in this Ordinance, that foster historic preservation activities, projects, and programs in the local unit.

### **1310.07 HISTORIC DISTRICT COMMISSION MEETINGS, RECORDKEEPING & RULES OF PROCEDURE**

(a) The Historic District Commission shall meet at least quarterly or more frequently at the call of the Commission.

(b) The business that the Commission may perform shall be conducted at a public meeting held in compliance with the Open Meetings Act, Public Act 267 of 1976, as amended. Public notice of the date, time, and place of the meeting shall be given in the manner required by Public Act 267. A meeting agenda shall be part of the notice and shall include a listing of each permit application to be reviewed or considered by the Commission.

(c) The Commission shall keep a record of its resolutions, proceedings and actions. A writing prepared, owned, used, in the possession of, or retained by the Commission in the performance of an official function shall be made available to the public in compliance with the Freedom of Information, Public Act 442 of 1976, as amended.

(d) The commission shall adopt its own rules of procedure and shall adopt design review standards and guidelines to carry out its duties under this act.

### **1310.08 DELEGATION OF MINOR CLASSES OF WORK**

The commission may delegate the issuance of Certificates of Appropriateness for specified minor classes of work to its staff, or to another delegated authority. The Commission shall provide to its delegated authority specific written standards for issuing Certificates of Appropriateness under this subsection. The Commission shall review the Certificates of Appropriateness issued by the delegate on at least a quarterly basis to determine whether or not the delegated responsibilities should be continued.

### **1310.09 ORDINARY MAINTENANCE**

Nothing in this Ordinance shall be construed to prevent ordinary maintenance or repair of a resource within a historic district or to prevent work on any resource under a permit issued by the inspector of buildings or other duly delegated authority before the Ordinance was enacted.

### **1310.10 REVIEW BY THE COMMISSION**

The Commission shall review and act upon only exterior features of a resource and shall not review and act upon interior arrangements unless specifically authorized to do so by the City Council or unless interior work will cause visible change to the exterior of the resource. The Commission shall not disapprove an application due to considerations not prescribed in subsection 399.205 (3) of Public Act 169 of 1970, as amended.

### **1310.11 DESIGN REVIEW STANDARDS AND GUIDELINES**

(a) In reviewing plans, the Commission shall follow the U.S. Secretary of Interior's Standards for Rehabilitation and guidelines for rehabilitating historic buildings as set forth in 36 C.F.R. part 67. Design review standards and guidelines that address special design characteristics of historic districts administered by the Commission may be followed if they are equivalent in guidance to the Secretary of Interior's Standards and guidelines and are established or approved by the State Historic Preservation Office. (b) In reviewing plans, the Commission shall also consider all of the following:

1. The historic or architectural value and significance of the resource and its relationship to the historic value of the surrounding area.
2. The relationship of any architectural features of the resource to the rest of the resource and to the surrounding area.
3. The general compatibility of the design, arrangement, texture, and materials proposed to be used.
4. Other factors, such as aesthetic value, that the commission finds relevant.
5. Whether the applicant has certified in the application that the property where work will be undertaken has, or will have before the proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act 1972 PA 230, MCL 12.1501 to 125.1531.

### **1310.12 PERMIT APPLICATIONS**

(a) A permit shall be obtained before any work affecting the exterior appearance of a resource is performed within a historic district. The person, individual, partnership, firm, corporation, organization, institution, or agency of government proposing to do that work shall file an application for a permit with the inspector of buildings. Upon receipt of a complete application, the inspector of buildings shall immediately refer the application, along with all required supporting materials that make the application complete to the commission. A permit shall not be issued and proposed work shall not proceed until the Commission has acted on the application by issuing a Certificate of Appropriateness or a Notice to Proceed as prescribed in this Ordinance.

(b) A commission shall not issue a Certificate of Appropriateness unless the applicant certifies in the application that the property where work will be undertaken has, or will have before the

proposed project completion date, a fire alarm system or a smoke alarm complying with the requirements of the Stille-DeRossett-Hale single state construction code act, 1972 PA 230, MCL 125.1501 to 125.1531.

(c) The Commission shall file Certificates of Appropriateness, Notices to Proceed, and Denials of applications for permits with the inspector of buildings. A permit shall not be issued until the Commission has acted as prescribed by this Ordinance.

(d) If an application is for work that will adversely affect the exterior of a resource the Commission considers valuable to the City of Highland Park, the state of Michigan, or the nation, and the Commission determines that the alteration or loss of that resource will adversely affect the public purpose of the city, state, or nation, the Commission shall attempt to establish with the owner of the resource an economically feasible plan for the preservation of the resource.

(e) The failure of the Commission to act on an application within sixty (60) calendar days after the date a complete application is filed with the Commission, unless an extension is agreed upon in writing by the applicant and the Commission, shall be considered to constitute approval.

(f) The local unit may charge a reasonable fee to process a permit application.

### **1310.13 DENIALS**

If a permit application is denied, the decision shall be binding on the inspector or other authority. A Denial shall be accompanied by a written explanation by the Commission of the reasons for denial and, if appropriate, a notice that an application may be re-submitted for Commission review when the suggested changes have been made. The Denial shall also include the notification of the applicant's right to appeal to the State Historic Preservation Review Board and to the circuit court.

### **1310.14 NOTICE TO PROCEED**

Work within a historic district shall be permitted through the issuance of a Notice to Proceed by the Commission if any of the following conditions prevail and if the proposed work can be demonstrated by a finding of the Commission to be necessary to substantially improve or correct any of the following conditions:

(a) The resource constitutes a hazard to the safety of the public or to the structure's occupants.

(b) The resource is a deterrent to a major improvement program that will be of substantial benefit to the community and the applicant proposing the work has obtained all necessary planning and zoning approvals, financing, and environmental clearances.

(c) Retaining the resource will cause undue financial hardship to the owner when a governmental action, an act of God, or other events beyond the owner's control created the hardship, and all feasible alternatives to eliminate the financial hardship, which may include offering the resource for sale at its fair market value or moving the resource to a vacant site within the historic district, have been attempted and exhausted by the owner.

- (d) Retaining the resource is not in the interest of the majority of the community.

### **1310.15 APPEAL OF A COMMISSION DECISION**

(a) An applicant aggrieved by a decision of the Commission concerning a permit application may file an appeal with the State Historic Preservation Review Board. The appeal shall be filed within sixty (60) calendar days after the decision is furnished to the applicant. The appellant may submit all or part of the appellant's evidence and arguments in written form. The State Historic Preservation Review Board shall consider an appeal at its first regularly scheduled meeting after receiving the appeal. A permit applicant aggrieved by the decision of the State Historic Preservation Review Board may appeal the decision to the circuit court having jurisdiction over the historic district commission whose decision was appealed to the State Historic Preservation Review Board.

(b) Any citizen or duly organized historic preservation organization in the City of Highland Park as well as resource property owners, jointly or severally aggrieved by a decision of the historic district commission may appeal the decision to the circuit court, except that a permit applicant aggrieved by a decision rendered under this Ordinance may not appeal to the court without first exhausting the right to appeal to the State Historic Preservation Review Board.

### **1310.16 WORK WITHOUT A PERMIT**

When work has been done upon a resource without a permit, and the Commission finds that the work does not qualify for a Certificate of Appropriateness, the Commission may require an owner to restore the resource to the condition that the resource was in before the inappropriate work or to modify the work so that it qualifies for a Certificate of Appropriateness. If the owner does not comply with the restoration or modification requirement within a reasonable time, the Commission may seek an order from the circuit court to require the owner to restore the resource to its former condition or to modify the work so that it qualifies for a Certificate of Appropriateness. If the owner does not comply or cannot comply with the order of the court, the Commission or its agents may enter the property and conduct work necessary to restore the resource to its former condition or modify the work so that it qualifies for a Certificate of Appropriateness in accordance with the court's order. The costs of the work done shall be charged to the owner, and may be levied by the City of Highland Park as a special assessment against the property. When acting pursuant to an order of the circuit court, the Commission or its agents may enter a property for purposes of this section.

### **1310.17 DEMOLITION BY NEGLIGENCE**

Upon a finding by the Commission that a historic resource within a historic district or a proposed historic district subject to its review and approval is threatened with Demolition by Neglect, the Commission may do either of the following:

(a) Require the owner of the resource to repair all conditions contributing to demolition by neglect.

(b) If the owner does not make repairs within a reasonable time, the Commission or its agents

may enter the property and make such repairs as necessary to prevent Demolition by Neglect. The cost of the work shall be charged to the owner, and may be levied by the City of Highland Park as a special assessment against the property. The Commission or its agents may enter the property for purposes of this section upon obtaining an order from the circuit court.

### **1310.18 REVIEW OF WORK IN PROPOSED DISTRICTS**

Upon receipt of substantial evidence showing the presence of historic, architectural, archaeological, engineering, or cultural significance of a proposed historic district, the City Council may, at its discretion, adopt a resolution requiring that all applications for permits within the proposed historic district be referred to the Historic District Commission as prescribed in Section 13 of the Ordinance. The Historic District Commission shall review permit applications with the same powers that would apply if the proposed historic district was an established historic district. The review may continue in the proposed historic district for not more than one year, or until such time as the City Council approves or rejects the establishment of the historic district by ordinance, whichever occurs first.

### **1310.19 EMERGENCY MORATORIUM**

If the City Council determines that pending work will cause irreparable harm to resources located within an established or proposed historic district, the City Council may by resolution declare an emergency moratorium on all such work for a period not to exceed six (6) months. The City Council may extend the emergency moratorium for an additional period not to exceed six (6) months, upon finding that the threat of irreparable harm to resources is still present. Any pending permit application concerning a resource subject to an emergency moratorium may be summarily denied.

### **1310.20 PENALTIES FOR VIOLATIONS**

(a) A person, individual, partnership, firm, corporation, organization, institution, or agency of government that violates this act is responsible for a civil violation and may be fined not more than \$5,000.00.

(b) A person, individual, partnership, firm, corporation, organization, institution, or agency of government that violates this act may be ordered by the court to pay the costs to restore or replicate a resource unlawfully constructed, added to, altered, repaired, moved, excavated or demolished.

### **1310.21 ACCEPTANCE OF GIFTS OR GRANTS**

The City Council may accept state or federal grants for historic preservation purposes; may participate in state and federal programs that benefit historic preservation, and may accept public or private gifts for historic preservation purposes. The City Council may appoint the Historic District Commission to accept and administer grants, gifts, and program responsibilities.

### **1310.22 ACQUISITION OF HISTORIC RESOURCES**

If all efforts by the Commission to preserve a resource fail, or if it is determined by the City Council that public ownership is most suitable, the City Council, if considered to be the public interest, may acquire the resource using public funds, public or private gifts, grants or proceeds from the issuance of revenue bonds. The acquisition shall be based upon the recommendation of the Commission. The Commission is responsible for maintaining publicly owned resources using its own funds, if not specifically designated for other purposes, or public funds committed for that use by the City Council. Upon recommendation of the Commission, the City may sell resources acquired under this section with protective easements included in the property transfer documents, if appropriate.

**30<sup>th</sup> DISTRICT COURT**  
**02-07-22 VIII a**

The following request was submitted for approval.

As you are aware, last year there was major rain fall in the State of Michigan that caused extensive flooding and damage to the basement at city hall. Since the court has been located on Woodward, there have been three instances of extreme flooding/damage in the basement. After the most recent incident, the court and police department sustained a great loss to documents, files and court materials. In that particular State of Emergency, the police department and court were relocated to a new location and the process began to remove, replace and salvage the court.

The court was able to have a file room erected at the new location to house the files, pursuant to state court mandates that court files have to be located in a secure place within the court facility. The purpose was to eventually move all remaining files that are still in the basement (after they can be remediated) and also move files that are located on the second floor of city hall (these files were moved to the second floor after a different flooding some years ago).

There are three (3) invoices for the file room that have not been paid. The court also received an estimate from Document Restoration Services for the files and other documents that remain in the basement. That estimate was received from the walk-through the court did with the insurance company and Mr. Burgess after the flood. The estimate to remediate the files was \$53,000, however Mr. Burgess and/or the Court Administrator believe they can acquire alternate quotes.

The court was also informed that funds from the insurance company and/or any other state flood relief funds would be allocated to the court to cover its damages. In the immediate, the court is requesting that the three attached invoices be paid by the city from the aforementioned resources.

**OUTSIDE COMMUNICATION  
02-07-22 XIII**

The following communication was received from Terry Wheeler.

I had the pleasure of speaking to Council member Glenda McDonald after my mother's transition. In honor of my parent's, Earl and Naomi Wheeler's, longstanding dedication, commitment, loyalty and decades of service to the city of Highland Park, I am compelled to approach this honorable council and the Mayor, to grant my request for a permanent addition to the street sign, McLean, to be named "Wheeler's Way".

Their positions in Highland Park were appointed by the citizens and the many mayors that they served throughout the over 40+ years, 1960's-2000. The Wheelers were major proponents in ensuring fair and proper education and job opportunities were afforded to every adult and child in the Highland Park community. Up and coming politicians were advised to speak to the Wheelers for counsel and advice. Their doors were never closed to anyone. They were affectionately known as "Mom and Pops Wheeler".

Below is brief history of their accomplishments and contributions to Highland Park, as well as the surrounding area:

Naomi held an esteemed career in the City of Highland Park, Michigan. For many years she worked as a paraprofessional in the Early Childhood Development Program as a surveyor for the Head Start Program. She was a Coordinator for the Right to Read Program at Liberty School, and a Coordinator for the Summer Hot Lunch Programs. She also engaged in working with the Senior Citizen Program at the Ernest t Ford Field House. After thirty years of service for the

Highland Park School District, Naomi retired from her position as a paraprofessional at Highland Park Community High School Physical Education Department.

Naomi was very involved as a community activist in the City of Highland Park. She was the former President for the Liberty School PTA, Organizer Freedom from Fear Coalition, Former Vice President Ford School PTA, Organizer of the H.P. North End Center, Member Citizen Advisory Committee, Organizer of the Louise Street Block Club and Youth Division, Chairperson of the Neighborhood Advisory Council Model Cities Program, Chairperson Senior Citizen's Advisory Council, Member H.P. Caucus Club, Member Neighborhood Coalition of the H. P. Y.W.C.A. Board of Directors, Coordinating Member and Board of Directors H.P. Health Fair, Former Precinct Delegate H.P, Member 14th Congressional District Citizen's Committee Black Family Development, Organizer for re-opening of the Davison Freeway Committee. In 1992, Naomi was appointed by the late Honorable Mayor Linsey Porter as Chairperson of the Highland Park Arts and Culture Commission. During her tenure as Chairperson along with the newly formed Arts and Culture Committee, the Michigan Week Parade continued successfully. In July of 1992, the first Gospel Rama began and continued annually for many years. In December of 1992, The Life and Times of Malcolm X was sponsored as a day of celebration. That same year Highland Park's first Christmas Parade and Program was established. The celebration for the Kwanzaa Program was initiated, and the Martin Luther King Walk and Program commenced as an annual event. The Arts and Culture committee played a major role in the planning and implementing the community component for the grand opening of the Highland Park's first shopping plaza "Highland Park Place" on Woodward Avenue. Finally, on May 18, 2019, Mrs. Naomi Wheeler was honored for her many achievements and was named Grand Marshall for the Highland Park Michigan Week Parade.

Earl's very first job was as a Television Repairman. He later worked as a vocalist and musician in various musical genres, his stage name was "Paco". In 1963, Earl worked as a Social Worker and Case Manager at Northville Psychiatric Hospital. In 1965, Earl worked as a Psychiatric Social Worker, State Supervisor and Department Analyst with Michigan Department of Mental Health. He went on to become a Coordinator and Investigator for Adult Foster Care at Michigan Department of Mental Health at Northville State Hospital. In 1971, Earl continued his esteemed career working for the City of Highland Park in which he held various positions. He was Director of the Human Relations Commission, Administrator for Civil Rights Commission. In 1975, he became Director of Community and Social Service Center. In 1976, he was an Administrator for the Department of Human Resources. In 1978, Earl became Deputy Director and Director for New Detroit Inc. In 2003, Earl was a Lecturer and African Storyteller for the International Institute of Detroit. In 2004, he contracted with the State Attorney General's Office. Earl also worked as an Instructor for various senior citizens' groups.

Earl served on various organizations and committees which included serving on the Highland Park Fire and Police Commission, Chairperson for Michigan Week Parade, Founder and President of the Highland Park Men's Forum, Highland Park Caucus Club Member; Freedom from Fear Organization, Member of the Advisory Council Job Corp of Detroit, Member of New Center Community Mental Health Board, Member of Wayne Metropolitan Community Services, Member of Communities First Highland Park, Member of Thea Bowman Nurse Managed Care Clinic, Member of Weed and Seed, Member of the Program Justice Department,

Member of 4C's (Child Care Coordinating Council), Member of The North End Community Organization, and Member of The Museum of African American History.

As you can see, my parents had a very committed and distinguished life, helping the city of Highland Park to become the gem that it is today. Please consider my request to honor their life and leave a legacy for them.
