County Proposal (1)

Wayne County Transit Authority – Wayne County Public Transportation Millage

A proposal to authorize the Wayne County Transit Authority to levy a millage for the purpose of funding public transportation service in Wayne County, including operating, maintaining, improving, and expanding transit services; creating and expanding new fixed routes for bus service connecting local communities, expanding transportation service for seniors, veterans, people with disabilities, and the general public to access healthcare, educations, and other daily needs.

The millage would be levied at a maximum rate of 0.9831 mills (0.98 cents per \$1,000 of taxable value) for a period of 10 years beginning with the 2026 tax year levy and ending with the 2035 tax year levy.

This millage would replace an expiring millage levied by the Wayne County Transit Authority supporting the Suburban Mobility Authority for Regional Transportation (“SMART”).

If this new millage is approved and levied, revenue will be distributed to Wayne County, SMART, Detroit Department of Transportation (DDOT), and other community and regional transit providers, it is estimated that \$57,616,329.00 will be collected in the first year.

Should this proposal be adopted?
